Doug & Sheila Morgan and Staff at Trainor, Sussex:

Re: **SDCC Annual Awards Night**

It is not always an easy task, to separate excellence from mediocrity! Ergo, the task of finding an excellent new company from numerous start-ups and new-to-the-area companies was daunting. However, the Sussex & District Chamber of Commerce feels confident in its choice of Trainor Surveys (1974) Ltd. as "New Business of the Year".

Since it's opening in Sussex in early 2009, the staff at Trainor has made sure that the company is a participant in local activities. As well, many of the staff themselves sit on local boards and work with local organizations. In becoming an excellent corporate citizen, Trainor has made selection of this award much easier.

Congratulations and well done!! We wish you well with the future of Trainor Surveys.

Sincerely,

Phil Sellars, President
Sussex & District Chamber of Commerce
